PERFECT8 TECHNOLOGIES INTRODUCES THE AMP 1000 SUBWOOFER EDITION AT CES 2009. (LAS VEGAS, THE VENETIAN, ROOM 29-333)

LINKÖPING, Sweden - December 2008

PERFECT8 Technologies, provider of high-end ribbon and dynamic loudspeakers and subwoofers, introduces a 1000W class D monoblock power amplifier optimized for the most demanding subwoofer applications.

THE AMP 1000 SUBWOOFER EDITION is the latest addition to the PERFECT8 family of products. It is a super compact and efficient 1000W class D mono-block amplifier primarily intended to drive a PERFECT8 subwoofer.

When envisioning THE AMP 1000, PERFECT8 single mindedly pursued the idea of bringing life, depth, and texture to bass and subsonics unlike anything previously experienced. When used with THE FORCE, the effect is ground shaking, profound, and seductive.

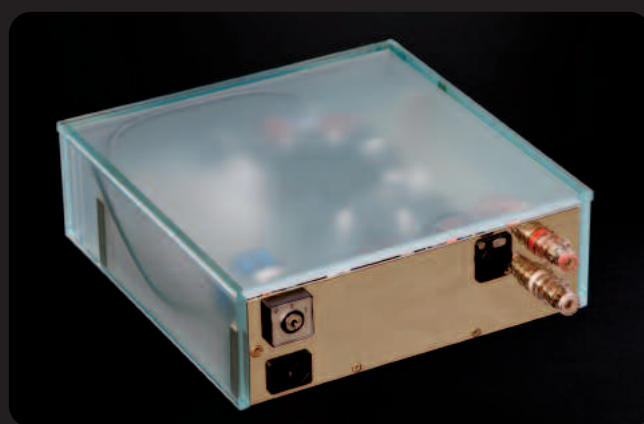

The latest and most advanced full-fledged Class D technology in combination with SSG vibration damping enables unique performance in a compact and sublime package.

PERFECT8 Technologies is a Swedish provider for high-end ribbon and dynamic loudspeakers and subwoofers. Backed by over 25 years of research and more than 5 years of dedicated development, PERFECT8 Technologies was founded in 2005 with the primary mission of producing the most exclusive and best sounding loudspeaker systems in the world!

"THE AMP 1000 SUBWOOFER EDITION is the perfect companion to our luxury loudspeaker range, providing our customers with virtually unlimited power in a stylish package.

Today's consumers demand not only super quality sound reproduction, but also looks to enhance their exclusive living spaces. THE AMP 1000 SUBWOOFER EDITION sits right in the sweet spot of these expectations."

Jonas Rantilä - CEO PERFECT8 Technologies
